OL. XXXIV. NO. 2.

APPOMATTOX, VIRGINIA, JANUARY 12, 1921.

\$1.50 PER ANNUM IN ADVANCE

The United States Government by means of the D ment of Agriculture, has been looking into the tractor ion, and its bulletins clearly proves that the satisfied by owner-men who say that the tractor has paid-are men own the BETTER CLASS of tractors. The successf has learned years ago that he can't get something for no No one can. The reason the BATES STEEL MULE cost is that it is worth more. Skilled factory procedure, production and the most modern Machinery enables us money at every turn, yet the BATES STEEL MULE slightly more in the beginning to build but considerably the long run to own. It's just another case where a see require higher priced article is far cheapest to own when you on actually USE it.

The Bates thoroughbred quality comes not from hree times and claims, but from what's put into it. Every part that me make up the BATES STEEL Mule is put there by long experience. There isn't a part that isn't time-tried and He said "Not There isn't a part that experience hasn't dictated the and size of; and in it all there isn't one superfluous part one part that isn't capable of standing up under twin strain it gets in actual use. These are things experience practice have distracted. The BATES comes to you as at ment of your desire for a tractor that will endure. what we pay for a thing. Value is what we get out of it sider your tractor from what you will get out of it, or how many working days you have when the ground i consider the operations where you cannot afford to pack al to some seed bed, and consider how constantly and economically must be performed even in rush times, you will then see the BATES STEEL MULE is the biggest value offered in uch resembles tractor on the American market today.

Valuable State Records and Famous Collection Burned

Victims Crushed By Falling Wall-Convict Alleged To Have Made

To Building. Charleston, W. Va-The West Virrinia State Capitol and invaluable

records of the various State departments were destroyed by a fire of mysterious origin. Two persons were killed and a number of firemen injured in a fall of a part of the wall. The dead are Ed

pencer, an electrician, and Howard Pauley, who was assisting the firemen. Charles Walker, engineer, is missing, and is believed to be dead. Oscar Thaxton, fireman, and Bill Lacy, patrolman, were seriously injured. Firemen declare the body of another man is buried beneath the captain.

Almost all State records were lost. Two cabinets from the Secretary of State's office, the Governor's correspondence and records from the State The famous collection in the mus-
